Degree: B.Tech
Gender: Female
DOB: 23/10/2005

Examination	University	Institute	Year	GPA / %
Graduation	KKWIEER	KKWIEER	2027	8.91
HSC	Maharashtra State Board	Matoshri Jr. College	2023	75.17
SSC	Maharashtra State Board	Silver Oak Universal School	2021	94.60

SCHOLASTIC ACHIEVEMENTS

- Among top 11 percentile in JEE Main examination from 1 Million eligible candidates all over India [2023]
- Awarded the Reliance Foundation Scholarship among selected 5,000 scholars all over India [2023]
- Consistently ranked among the top 5 in class since the first semester, maintaining a zero-backlog record

KEY PROJECTS

AarogyaKosh | Python, FastAPI, MongoDB, React, LangChain, Pandas Jan 2026

- Developed full-stack AI-powered analytics platform for processing and querying clinical trial data with natural language interface
- Built automated ETL pipeline transforming Excel-based clinical trial reports into MongoDB collections
- Integrated LangChain agent system with React frontend and FastAPI backend

GenoScope | Python (BioPython, Pandas, Scikit-learn), FastAPI, XGBoost Nov 2025

- Built ML system for genomic disease prediction achieving 85% accuracy (Sickle Cell) and 82.7% (Breast Cancer)
- Engineered 93 DNA-based features and trained ensemble models with 100 ms latency

YuktiSutra | Python, Flask, Scikit-learn, Bootstrap, JavaScript Oct 2025

- Designed full-stack AI system for intelligent task assignment achieving 95% accuracy
- Developed custom two-pass greedy algorithm with weighted scoring model
- Built RESTful API with Flask backend and responsive frontend

POSITION OF RESPONSIBILITY

Secretary | CSI Students' Chapter Aug 2025 – Present

- Organized the flagship event **Campus to Corporate**, a campus placement simulation preparing students for recruitment processes
- Led **E-Yantran**, an e-waste collection initiative promoting responsible electronic waste disposal
- Facilitated technical workshops and expert talks supporting skill development

TECHNICAL SKILLS

Programming: Python (Pandas, NumPy, Scikit-learn, PyTorch), Java, C++, SQL
Web Technologies: HTML5, CSS3, Bootstrap, Flask, MongoDB
Concepts: OOP, Data Structures and Algorithms(DSA), Machine Learning(ML), Deep Learning(DL)

EXTRA CURRICULAR ACTIVITIES

- Secured **2nd Place at Neuro-On 5.0 Quiz Competition** and represented the **Republic of Korea** at Nashik Model United Nations
- Participated in SKITECH InnoThon 2024, GGSP Ideathon 2025, and Smart India Hackathon
- Completed certifications in Python, DSA in C++, SQL, Static & Responsive Web Development, Dynamic Web Development
